PINK POWER

Description:

PINK POWER is a highly concentrated cleaner/degreaser. It effectively removes oil, grease, dirt, syrups, adhesives and various types of soils.

PINK POWER has a Ph of approximately 12.0 in concentrated form.

PINK POWER is safe for use on rubber, vinyl, wood, plastics, and ferrous and non-ferrous metals. It is an excellent engine cleaner. Though high alkaline in nature, in diluted form **PINK POWER** is safe on most paints when used as directed.

Application:

PINK POWER may be used by spraying, brushing, wiping or mopping. It is excellent for use in pressure washing equipment. Dilutions will vary from 1:16 to 1:64 (2 oz. To 8 oz. Per gallon of water), depending on type of soil to be removed and type of equipment to be used.

Before using **PINK POWER**, food products and packaging material must be removed from the room or carefully protected. After using **PINK POWER** surfaces must be thoroughly rinsed with potable water.

Packaging:

Available in 5 gallon pails, 55 gallon drums and 550 gallon tote tanks.
