<b>Explosion Hazard</b>	Not available.
<b>Reactivity</b>	Reacts with some metals, releasing highly flammable gases/vapor (hydrogen). Thermal decomposition generates corrosive vapors.

## 5.3 Advice for firefighters

<b>Precautionary measures</b>	Keep upwind. Consider evacuation. Have neighborhood close doors and windows.
<b>Firefighting instructions</b>	Cool tanks/drums with water spray. Dilute toxic gases with water spray. Take account of toxic fire-fighting water. Use water moderately and if possible collect or contain it.
<b>Special protective equipment for fire-fighters</b>	Fire-fighters should wear appropriate protective equipment and compressed air/oxygen apparatus.

## **Section 6. Accidental release measures**

### 6.1 Personal precautions, protective equipment and emergency procedures

#### **6.1.1 For non-emergency personnel**

Wear chemically protective gloves, lab coat or apron to prevent prolonged or repeated skin contact. Wash contaminated clothes. Evacuate unnecessary personnel. Keep containers closed.

#### **6.1.2 For emergency responders**

Equip cleanup crew with proper protection. Ventilate area. Stop leak if safe to do so.

### 6.2 Environmental precautions

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

### 6.3 Methods and materials for containment and cleaning up

<b>For containment</b>	Take up liquid spill into inert absorbent material.
<b>Methods for cleaning up</b>	Carefully collect the spill. Clean contaminated surfaces with an excess of water. Wash clothing and equipment after handling. Soak up spills with inert solids, such as clay or diatomaceous earth, as soon as possible. Collect spillage. Store away from other materials.

## **Section 7. Handling and storage**

### 7.1 Precautions for safe handling

<b>Protective measures</b>	Keep container tightly closed when not in use. Ensure good ventilation/exhaustion at the workplace. Keep ignition sources away. Protect against electrostatic charges.
----------------------------	--

<b>Advice on general occupational hygiene</b>	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas.
