

Norkool SLH50

Description:

Norkool SLH50 is an ethylene glycol and water solution. **Norkool SLH50** is a coolant with phosphate additives to aid in preventing scaling and corrosion. It offers excellent protection against freezing and also provides protection against bursting and system damage.

Application:

Norkool SLH50 can be used in a wide variety of applications, such as

- Cooling of large stationary engines
- Cooling of field compression units
- Natural gas line heaters
- LNG vaporizers
- Well-head heaters
- Combustion air pre-heaters

Typical Properties of Norkool SLH50:

- Color: Green liquid
- Initial Boiling Point: 225°F
- Freezing Point: -34.7°F
- Specific Gravity at 77°F: 1.079

Handling and Storage:

Store in a well-ventilated area. Keep container tightly closed when not in use. Store in cool, dry area. Keep away from sources of ignition. Use proper personal protective equipment. Avoid contact with skin or eyes. Avoid breathing of vapors. Handle in well-ventilated workspace. When handling do not eat, drink, or smoke.
